Italy plus Borghi: Where small is better and tourism is large

THE TRULY ITALIAN EXPERIENCES

WHO ARE WE?

We are the exclusive tour-operator of the Italian Association "I Borghi più Belli d'Italia". We promote the heritage of the hidden parts of the country, in collaboration with the Italian Institutions, through new and fascinating trip itineraries.

WHAT IS A "BORGO" ?

A "Borgo" is a very charming Italian small fortified town from Middle Age to Renaissance. It is unique and built around a Castle or a Palace belonging to the noble family leading at that time. In Italy we have 300 "BORGHI" from North to South. The "Borgo" is the symbol of the Italian culture with artistic and architectural heritage, tradition and eno-gastronomic treasures.
