

Visit of Brugnato

Between art, culture and fashion!

From the port of Livorno we go up north towards the Ligurian Coast, until we reach the borgo of Brugnato. Situated in the heart of the valleys, of history and faith, an old hamlet with vibrant colours, in the green of nature, among unforgettable flavours and traditions. In the heart of this village there are many places of worship, the Cathedral, sanctuaries and ancient monasteries and some other traces of the past such as the medieval bridge on the Vara river or the Bishops' Palace.

At the end of the visit of this charming borgo we are ready to spend some fun time shopping in one of the most prestigious outlets in Italy. Shopinn is the place to discover the superb quality of tailor-made clothes, local food and products, beauty services, life style, green awareness and the sustainability of "Made in Italy". A new way of experiencing shopping in an Outlet Village, quintessentially Italian in character, always offering discounts up to 70%.
